

Here when you need it.

There's nothing else like it - the realization that a check or withdrawal exceeds the balance in your account, putting you at risk of overdraft fees and service charges to your account. With Overdraft Protection from Premier Bank, we've got you covered.

In an instant, the exact amount you need is transferred into your account and the payment is made. So, you prevent the additional costs of overdraft fees and service charges, while you make timely and accurate payments from your checking account.

Fast, convenient - and automatic . . .

Your Premier Bank Overdraft Protection is a line of credit tied to your account. The amount can be repaid immediately without penalty.

If you need more time, monthly payments are automatically debited directly from your checking account. Monthly payments are calculated as the greater of \$25 or accrued interest plus 5% of the outstanding principal balance as of the last day of the month. Your monthly statement will let you see all the activity on your account until the balance is paid.

Here for you.

Like the people you rely on at Premier Bank, your Overdraft Protection is here whenever you need it. So, as soon as it's paid off, your Overdraft Protection is waiting there for you, in case you ever need it again.

EXPECT MORE FROM PREMIER.

At Premier, everything we do is designed to show you that no matter what you need from your banking partner, you can always expect more from Premier Bank.
